
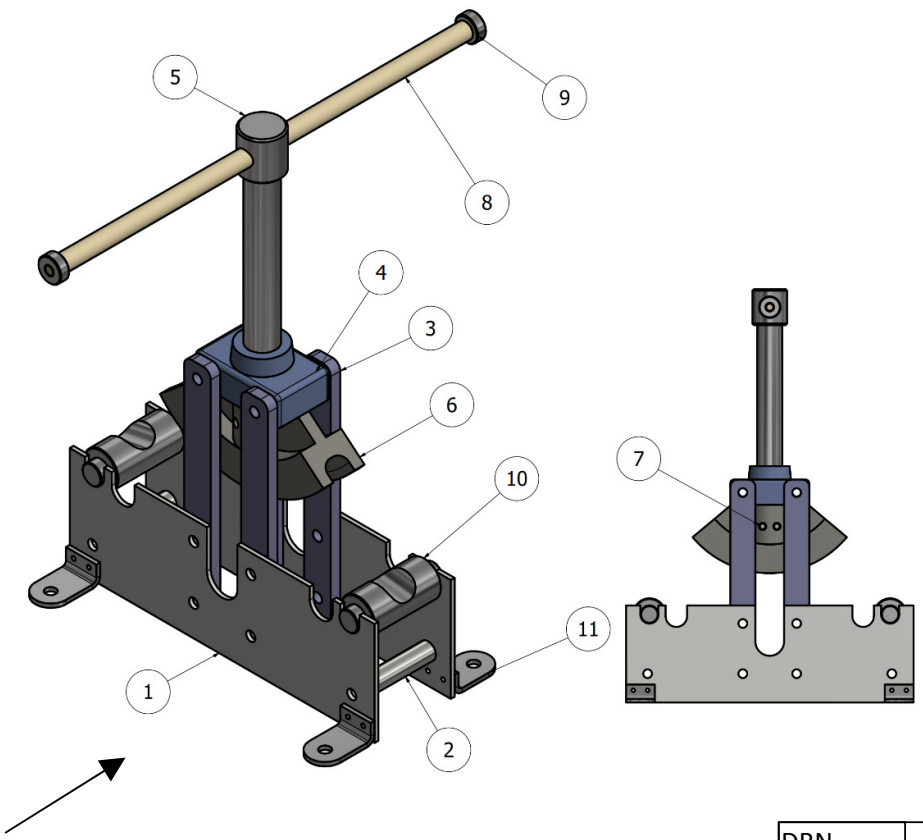

Figure 1

Q1: The parts of Pipe bending machine as shown in Fig. 1 are given below in adjoining Figures. Generate the parts of the machine by using Autodesk Inventor, assemble the parts to form the machine.

The marks are divided in the following categories:

1.Generation of parts **(20 Marks)**
2.Assembly **(05 Marks)**
3.Top View and Sectional front views of assembly with overall dimensions. **(04 Marks)**
4. Submitting files in said format **(01 Mark)**

Note for Submission:

Save all the part files, assembly and drawing files in a single folder. The name of the folder will be "**Token Number_Re-Major_Entry No_Group No".** (e.g.205_Re-Major_2019PH12345_01).

Then compress the folder in "**.zip" format** and provide the name to that zip file same as the folder name. This zip file you have to upload on moodle followed by the link http://moodle.iitd.ac.in/ You may zip your folder by right click on the folder and select "add to archive" and then select zip format from the window then select ok.
